

TECHNICAL BULLETIN

SCRATCHX™ 2.0

Meguiar's® introduces a new and improved formula for isolated scratch and scuff removal, ScratchX 2.0. This new formula has been specifically developed for application by hand or with our DA Polisher to quickly remove fine scratches, fingernail marks, paint transfer and parking lot scuffs. Unique microabrasives correct these defects fast and are completely clear coat safe. Not just a “cover-up”, ScratchX 2.0 is a special formulation designed to completely remove scratches, ensuring that once they are gone, they stay gone!

Part #: G10307 - 207 ml Net 7 oz liquid

Packaging: 6 per case

Features:

- The “Must Have” product for Isolated Paint Problems
- Totally Safe on ALL Paint Finishes
- Restores Brilliant, Clear Finishes

pH: 8.0-8.8

Paintable: No

Dilution: RTU (Ready to use)

Application Method: Hand, Orbital, DA Polisher

Directions: By Hand – Dispense small amount of product onto a 100% cotton terry towel or foam applicator pad. Work ScratchX 2.0 thoroughly into surface one section at a time.

By DA (dual action polisher) – Dispense a small amount onto a clean polishing pad. Buff the affected area using overlapping passes.

Remove excess with a Supreme Shine™ Microfiber or 100% cotton terry towel. Re-apply as needed. AVOID APPLYING TO RUBBER OR VINYL
