

TECHNICAL BULLETIN

NXT GENERATION® TECH WAX™ 2.0

NXT Generation Tech Wax 2.0 is a scientific breakthrough that introduces a new dimension of gloss and protection. Our improved formula produces even deep gloss, more vibrant color and a dramatically clear wet-look. Meguiar's Hydrophobic Polymer Technology™ provides relentless water beading and protection against oxidation, corrosion, UV rays and surface degradation. "Hydrophobic" means "water fearing" and this new breakthrough technology builds such incredible protection and surface tension that water beads up and just glides off your paint finish, wash after wash!

Part #: G12718 -18 oz Liquid wax with applicator
G12711 – 11 oz Paste wax with applicator

Packaging: 18 oz Spray - 6 per case
11 oz Paste - 6 per case

Features:

- For a flawless "show car perfect" shine
- Glides on and off easily for a slick finish
- Relentless water beading – wash after wash!

pH: 7-8

Paintable: No

Dilution: RTU (Ready to use)

Application Method: Hand, orbital, D.A. polisher

Directions: Shake well. For best results, apply to a clean cool surface in the shade. If surface has contamination, blemishes or deep swirls marks, surface preparation with Meguiar's Ultimate Compound® or Meguiar's Smooth Surface Clay Kit™ may be required for optimal results. Apply a small amount of product onto the applicator pad and spread a thin, even coat over the entire vehicle and allow to dry. Remove with Meguiar's Supreme Shine™ Microfiber or 100% cotton terry cloth towel, turning to clean portion for the final wipe. This product may also be used with an orbital buffer or D.A. polisher. KEEP OFF RUBBER, CLOTH, VINYL AND NON-PAINTED SURFACES. Store at room temperature.
