HOT RIMS[®] ALUMINUM WHEEL CLEANER

Hot Rims Aluminum Wheel Cleaner is a specially designed formula guaranteed safe for uncoated and polished aluminum wheels, as well as anodized and powder-coated wheel surfaces – it's even safe on all brake components. Our ultra-safe formula features Xtreme Cling™ foam technology that grabs vertical surfaces to deliver effective cleaning and gently remove brake dust and grime.

Part #: G14324 - 24 oz spray

Packaging: 6 per case

Features:

- Safe on uncoated aluminum & other sensitive materials
- Xtreme Cling foam easily removes brake dust build up & road grime
- Gentle, cleaning agents won't harm wheels

pH: 7.0

Paintable: Yes

Dilution: RTU (Ready to use)

Application Method: Spray on, wipe off

Directions: For best results, clean and dry one wheel at a time. Rinse wheel thoroughly with cold water. Coat wheel surface with Hot Rims Aluminum Wheel Cleaner from 6-8 inches away. Wait 15 seconds to allow foaming cleansers to penetrate and dissolve build-up. (For heavily soiled build-up, agitate surface with a clean microfiber wash mitt, such as Meguiar's Microfiber Wash Mitt) Rinse wheel thoroughly. Dry wheel with 100% cotton terry cloth towel such as Meguiar's Soft Buff™ terry Towel, or premium microfiber, such as Meguiar's Supreme Shine™ Microfiber towel.
