## ENDURANCE® TIRE PROTECTANT - TRIGGER SPRAY

Fast drying, high gloss shine that lasts weeks.

<b>Part #:</b>	G15524 – 709ml – 24oz Spray								
<b>Packaging:</b>	6 per case								
<b>Features:</b>	<ul style="list-style-type: none"><li>• Advanced, long-lasting formula endures even through washing &amp; rain</li><li>• Quick-dry formula eliminates overspray, runs, drips &amp; slinging/spin-off</li><li>• Protects against UV damage &amp; browning</li></ul>								
<b>pH:</b>	9.5 - 10.5								
<b>Paintable:</b>	No								
<b>Dilution:</b>	RTU (Ready to use)								
<b>Application Method:</b>	Spray on or wipe on								
<b>Directions:</b>	<p>Apply on a cool, clean tire in a well ventilated area. Apply with either a foam pad or directly to tire's sidewall. Hold sprayer 4 to 6 inches away and spray onto tire in a thin, uniform pattern (for best results spread evenly with a foam applicator pad or soft cloth). Wipe off any overspray from rims. For even higher shine, apply a second coat after waiting 10 minutes. For less shine, wipe the tire immediately after application with a soft cloth. If you see any blemishes or streaking, reapply to that area. Take care with use as product may stain driveways. Remove overspray immediately. If necessary, remove spinoff from plastic and painted panels to avoid staining.</p>
