## HEADLIGHT PROTECTANT

Tired of restoring your headlights only to see them become cloudy and oxidized after a few short weeks? Meguiar's® advanced protective technology bonds to the plastic providing long lasting protection on new or freshly restored headlights.

- Part #:** G17110 – 10oz liquid  
G17104 – 4oz liquid (only in G3000 kit)
- Packaging:** 6 per case
- Features:**
- Provides protection against damaging & yellowing UV rays
  - Use regularly to maintain brilliant headlight appearance
- pH:** 8.5-9.5
- Paintable:** No
- Dilution:** RTU (Ready to use)
- Application Method:** Wipe on, buff off.
- Directions:** FOR HAND APPLICATION ONLY. SHAKE WELL. Use on a cool, clean and dry headlight only.
1. Apply small amount of Meguiar's® Headlight Protectant to a clean towel.
  2. Rub thoroughly onto one headlight (avoiding painted surfaces).
  3. Wipe off residue with a clean towel.
  4. Repeat steps 1 – 3 on opposite headlight.
- Tip: For best results, Use Meguiar's® PlastX™ by hand or a Meguiar's® Headlight Restoration Kit to bring plastic to optimal clarity prior to using Meguiar's® Headlight Protectant.
- Health rating:**
- |                  |     |
|------------------|-----|
| Health:          | 2   |
| Fire:            | 1   |
| Reactivity:      | 0   |
| Specific Hazard: | N/A |
