

TECHNICAL BULLETIN

HEAVY DUTY SERIES HEADLIGHT RESTORATION KIT

Easy Buff™ Sanding Pad & Finishing Discs (1000 & 3000 Grit) allows for easy & safe removal of severe oxidation, yellowing & scratches. Easy Buff™ Pad attaches to any drill to make restoration quick & easy. PlastX™ Clear Plastic Cleaner & Polish (4oz.) quickly restores optical clarity to headlights following the sanding step when used with the Easy Buff Pad. Headlight Protectant (4oz.) provides UV protection and helps restored headlights look like-new longer. A super absorbent Microfiber Towel (16" x 16") helps to easily remove residue.
