

TECHNICAL BULLETIN

LEATHER SEALER TREATMENT

Part #: G3800 Kit Contains: 1 each 6 oz Leather Sealer (G18406)
1 each 6 oz Leather Prep (G18506)
1 each 4" Foam Applicator Pad
1 each 16" x 16" Microfiber Towel

Packaging: 6 per case

Features:

- Designed to protect leather from stains, fading and dryness
- Long lasting formula provides protection that lasts for months

pH: G18406 Sealer – 9.5
G18506 Prep – 11.5 – 12.4

Paintable: G18406 Sealer - No
G18506 Prep - Yes

Dilution: RTU (Ready to use)

Application Method: G18406 Sealer - Wipe on, wipe off
G18506 Prep – Spray on, wipe off

Directions: SHAKE WELL. Apply to a cool, clean surface in the shade. Test both products in an inconspicuous spot prior to complete application to test for color fastness. Spray the Leather Prep directly onto the leather and quickly wipe clean with the Microfiber towel Included. (Work a small section at a time) With included applicator, spread Leather Sealer evenly for a satin finish. (For a matte finish, buff with a clean towel) Dries to the touch in 15 minutes and fully cures in 24 hours.

Tip: Use Meguiar's® Gold Class Rich Leather Products for general up keep in between Leather Sealer applications. Note: Not for use on suede. Does not contain lanolin. Also excellent for use on leather briefcases, luggage, furniture and handbags. Keep off clear plastics.

Health rating:	G184 – Step 2 Sealer	G185 – Step 1 Prep
