

TECHNICAL BULLETIN

GOLD CLASS ENDURANCE® HIGH GLOSS TIRE GEL

Endurance continues to be a favorite among enthusiasts looking for superior performance with a great look. Premium ingredients produce a rich, dark shine that lasts weeks, not days, even through rain! Our unique formulations stop tires from turning brown and eliminates the mess of overspray, drips, streaks, and spotted driveways.

- Part #:** G7516 - 16 oz - High Gloss Finish Gel
- Packaging:** 6 per case
- Features:**
- Stops tires from turning brown
 - Last for weeks not days
 - Eliminates the mess with common sprayers and foams
- pH:** 8.0
- Paintable:** No
- Dilution:** RTU (Ready to use)
- Application Method:** Hand
- Directions:** SHAKE WELL. Clean tires before application. Apply medium amount of concentrated gel on foam applicator or soft cloth and spread evenly across clean, dry tire. Wipe off excess (especially in grooved areas) to prevent spin-off which may permanently stain certain plastics. For medium shine, apply one coat. For high shine, apply an additional coat after waiting 10 minutes. For low gloss or matte finish, wipe the tire immediately after application with soft cloth. If you see any blemishes or streaking, reapply to that area. Do not apply to vinyl or painted surfaces, bicycle or motorcycles or tire tread.
