## PAINT RECONDITIONING CREAM

Specifically designed for high volume reconditioning facilities, auctions, detailers and car dealerships; Paint Reconditioning Cream (P.R.C.) cuts, polishes and waxes with one easy-to-use liquid

**Part #:** 1 Gallon, part # D-15101

**Packaging:** 1 Gallon – 4 per case

**Features:**

- True scratch & defect removal with durable protection
- Cut, Polish, and Protect with one fast liquid
- Advanced Unigrit technology delivers level cutting and easy polishing.
- Easy on, easy off!

**pH:** 8.0-8.8

**Paintable:** No

**Dilution:** Ready to use  
**(Water : Product)**

**Application:** Shake well. Work one section at a time. Always work on cool paint surface.  
**Note:** To prepare the surface for Paint Reconditioning Cream (P.R.C.), properly wash and clay the surface to remove loose as well as bonded contaminants.

**Pro Tips:** **Step 1: Machine:**

**Rotary:** Choose appropriate Meguiar's wool or foam buffing pad. Set machine to 1400-2000RPM's. Apply P.R.C. directly to surface.

**D.A. Polisher:** Choose appropriate Meguiar's buffing pad. Set machine at medium speed. Apply P.R.C. directly to pad.

Begin working P.R.C. in a 2'x2' area with overlapping passes. Continue working until defects are removed and high gloss is achieved. Wipe residue with Meguiar's Ultimate Wipe<sup>®</sup> Detailing Cloth.

**Hand:** Apply a thin even coat of product to the surface with a clean applicator pad. Wipe residue with Meguiar's Ultimate Wipe Detailing Cloth.

**Step 2 (Optional)**

For additional clarity, gloss, and protection re-apply P.R.C. with the appropriate Meguiar's foam finishing pad or applicator pad.

**Pro Tips:** For added protection, apply your favorite Meguiar's quality wax or sealant.

**Associated Products:**

- Meguiar's<sup>®</sup> Soft Buff Foam and Wool Buffing Pads
- Meguiar's<sup>®</sup> Ultimate Wipe Detailing Cloth (M9910)
- P.R.C. Secondary Bottle

**Health rating:**

Health:	1	Reactivity:	0
Fire:	1	Specific Hazard:	0
