

TECHNICAL BULLETIN

SOLVENT BASED DRESSING

Meguiar's® Solvent Based Dressing provides a long lasting high gloss appearance for tires and exterior plastic or vinyl surfaces. "Fast flash" formula quickly dries to a durable high shine on tires.

Part #: 1 Gallon, part # D-16201
55 Gallon, part # D-16255

Packaging: 1 Gallon, 4 per case
55 Gallon, eaches

NOTE: The sale of this product is strictly prohibited in VOC regulated areas. Check local restrictions for VOC compliancy. VOC content is 82%

Features:

- High gloss spray or wipe on application
- Instant results, deep dark look
- Lasting performance

pH: N/A

Paintable: No

Dilution: Ready to use

Application: Spray or wipe on surface. NOTE: When applying to tires, wipe off excess to prevent spin-off which may stain painted plastic. Do not use on tires or seats of motorcycles, bicycles, or other two wheeled vehicles, or surfaces that should not become slippery.

Pro Tips: For optimal results after spray application, lightly dampen a towel or sponge with Solvent Based Dressing and wipe over the tire surface to ensure even coverage. This should also help minimize accidental sling from the tire.

Associated Products:

- Meguiar's® 32 ounce Secondary Bottle (D-20162)
- Meguiar's® Chemical Resistant Sprayer (D-110542)
- Meguiar's® Applicator Pads (W-0004)
